Launch of Sri Lanka Licensing Round 2026

The Petroleum Development Authority of Sri Lanka (PDASL) is planning to hold a press conference regarding the launch of the Sri Lanka Licensing Round 2026 and we would appreciate if you could notify the media of this event. The press conference is scheduled for August 25, 2026 at 10.00 a.m. at the Ceylon Petroleum Corporation auditorium.

The licensing round is a strategic initiative to invite global energy companies to explore and produce oil and gas offshore Sri Lanka. Exploration work done up to date has confirmed the presence of viable gas accumulations offshore west coast. Timely development of these resources would ensure energy security to the nation as well as it would be a catalyst for its industrial growth.

Yours sincerely,

Dr. Neil DeSilva

Director General.
